

LYON Dining Table

LYON Dining Table

LYON is the WINDSOR family's great quiet achiever. With its outward gentle French charm and inner boldness, LYON rewards a closer look.

Featuring an inset sourced from 1890s France, it is no coincidence that LYON takes its name from the city that was once the silk capital of Europe. For, like silk, it is ever-inviting but no pushover. Crisp geometric designs in the door's centre give LYON an inner toughness. Square angles and tight circles feature amid the floral curves in its cast-iron centre. The sharpness complements an overall warm, earthy palette, which features the soft clay colour of the door's paintwork, and the rich chocolate tones of its aged wood.

The inset piece is supported by bases made of recycled stone, concrete, and natural fibre, and is protected on top by ultra-clear, low-iron tempered glass — a contemporary fusion that ably supports its ancient materials of wood and cast iron.

Integrating a love of historical craftsmanship with sleek modern design, LYON is not only a great addition to your space, but a mission statement for those who believe in the virtue of both kindness and grit.

- Indoor or outdoor use
- Designed and handcrafted in Australia
- Seats up to 10 people

IP Australia Registered Design 201912259

MATERIALS:

TOP

- 12mm low-iron tempered glass

BASE

- 2 handcrafted bases from recycled stone, concrete composite and natural fibres
- Around 80kg each
- Natural concrete finish

INSERT

- Wooden French antique door
- Circa 1890's
- Decorative iron casting details and patina

DIMENSIONS:

W: 950mm; L: 2550mm; H: 750mm
